

Beer Naturally Academy

The first ever Beer Naturally Academy was held at Taste of Dublin this year. Beer Naturally is a campaign by the Irish Brewers Association to enhance the image of beer in Ireland and to promote beer as a perfect accompaniment to good food.

At the Beer Naturally Academy, Master Beer Sommelier Mark Stroobandt, delivered a series of masterclasses on how to match quality beers with great foods. The Beer Naturally Academy proved to be one of the premier features at Taste of Dublin 2009 bringing an exciting new dimension for the visitor.
